### STAMPS NOT RECORDED AS PERFINS Bulletin 267 to 271.

ALASTAIR WALTER has spotted a previously unrecorded perfin as one of our auction lots. This is the 2½d C.I. Liberation stamp.

MARTIN KNIGHT reports a ½d Machin with perfin LB/B. It is the only one of this value reported so this 'modest' modern stamp may be a rarity.

In the December Bulletin, as promised, I hope to publish the updated list of the remaining sterling stamp issues still to be found with perfin. If you have been meaning to report a new one from your collection, please do so in the next four weeks.
